Dear Tom,

On behalf of 23 enthralled second graders - a HUGE THANK YOU! Your donation of filters, thermometer, biologically active substrata and 5 live critters is so generous. Our study of the ocean and ocean animals is so real to the children because of you. They love the setup, they are observing, predicting, theorizing and caregiving. What great hands-on learning you have provided for us.

Thanks for your generosity.

Sincerely,

Tracy Metry
