Fish Doctors

Dear Sir or Madam:

I just want to take a moment to thank you and your company for your kind generosity in donating corals for our fragging demonstrations at our MACNA XVI booth. My moderators/fragging experts were all very impressed with your corals, as were those who came by. Everyone learned a great deal and many were able to take a piece home to enrich their aquarium.

Your generosity is only surpassed by your respect of the reef hobbyist. By your donation, it is apparent that our endeavor to further aquarists' understanding of the importance of fragging, both to the hobby and to the environment, is a mutual goal. I only hope that we were and are able to reward your kindness with new clients and additional sales. FRAGexchange.com and its members will not forget your dedication.

Please feel free to use me as a reference at any time you need.

Thank you again, from everyone at FRAGexchange.com and those who attended MACNA XVII!

Sincerely,

John McCann  
Owner, FRAGexchange.com
