Fish Doctors
2703 Washtenaw Ave.
Ypsilanti, MI 48198

Dear Tom,

Thank you for helping us with the temperature problems we have been having with our fish pond. I especially appreciated your willingness to discuss the issue with me over the phone and to talk me through the process. It looks like we have gotten everything working and are hopeful that this new heater will do the job.

We here at the Matthaei Botanical Gardens are also grateful to you for exchanging our 300 watt heater for the larger 1000 watt heater at no extra cost to us. We're looking forward to a warmer fish pond and will not hesitate to contact Fish Doctors for any of our future fish needs.

Thanks again for everything.

Sincerely,

Matthew Scott
