Dear Owner/Manager:

I would like to thank you for supporting our Trenton/Downriver Special Needs Activities Program (SNAP). Your donation of the two gallon aquarium with a light as a raffle prize for our bowling fundraiser this fall was greatly appreciated. Our fundraiser, which took place at Trenton Lanes Bowling Alley in Trenton, was a big success. We were able to raise just over \$1,700.00 that will be used during our 2006 summer camp.

In past years our group of 30 Trainable Mentally Impaired participants has had numerous community-based experiences. We have toured places such as the Stoneco Quarry, Ford Field, Comerica Park, the Palace of Auburn Hills and Calder's Dairy Farm. We have attended Detroit Tiger and Detroit Shock games, visited the COSI museum, as well as shopped at the Trenton Mid-Summer Festival. Some of our favorite activities include bowling, swimming, karaoke, movies and miniature golf complimentary of Sportway, Inc of Woodhaven. We end our exciting six-week session each year with an overnight trip. In past years we have been to Cedar Point, an African Safari in Port Clinton, Ohio, Wheels Inn in Ontario, Canada, and camping at the KOA Camp Grounds in Port Huron. For this year's overnight trip will be traveling to Geauga Lake, otherwise known as Six Flags in Ohio.

We are looking forward to another wonderful summer experience. The kids, as well as their families, and our staff appreciate your generosity. It is people like you that make our program memorable.

Sincerely,

A handwritten signature in cursive script that reads "Katie Birch".

Katie Birch
