July 2, 2006

Recently you gave a donation to help with medical expenses for Zachary Prentice, who was diagnosed at 19 with a rare and aggressive cancer, Adrenocortical Carcinoma.

The first fundraising event was held on June 29 at Thomas Crystal Gardens in Southgate. Over 1300 dinner tickets were sold in advance and at the door. A total of almost 1100 people came to the spaghetti dinner to show their support.

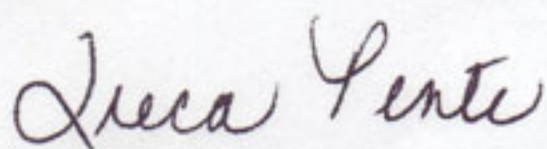

Enclosed is a copy of the placemat and tri-fold brochure that all attendees received. They were both done in full color. Since you were so gracious to offer a donation for this event, we were honored to advertise for your business on our placemats.

Because of your generosity, we are almost half-way to our goal of monies that the family needs to meet Zack's treatment expenses. On behalf of the family of Zack Prentice, we want to thank you for your generous

contribution of items for the auctions we held, or monetary gifts. All dinner attendees were reminded of which of our businesses continually support our communtiy.

With humble thanks,

Zachary Prentice Medical Fund Committee
